Check One: () Full Firearm) () Frame only) () Slide Only) () Slide assembly () Frame Assembly

For disassembled firearms, you must enclose a parts list with a total number of parts. Almost every manufacturer has on their website schematics of their guns or use www.e-gunparts.com to help you learn the names or numbers of parts for older firearms. If you do not know the name of a part, just make a tracing of the parts enclosed. If a parts list is not included we will construct one and bill you for this service. The charge is \$15.00. We are not responsible for missing parts WITHOUT a parts list.
